

Affected Area Information

(Template for use in research of affected area to establish baseline information)

Disaster Event Information

1	Type of disaster	
2	Area affected	
3	Date of event	
4	Local time of event	
5	Scale/magnitude	
6	Initial reports	

Safety and Security

7	Safety issues	
8	Security situation	

Basic information on the affected area

9	Country Name	
10	Capital city	
11	Official language(s)	
12	Form of government	
13	Religion(s)	
14	Cultural information	
15	Immigration requirements	
16	Time difference	
17	Currency	
18	Drive right or left	
19	International calling code	
20	Population size	
21	Demographics	

Landscape description		
22	Flat/ mountain	
23	Forest/ barren	
24	Urban/ rural	
Predominant building characteristics		
25	Construction type	
26	Size	
Climate		
27	Climate information	
28	Weather forecast	
Condition of Critical Infrastructure		
29	Airports	
30	Sea ports	
31	Roads/railways	
32	Bridges	
33	Power generation	
34	Drinking Water Supplies	
35	Other	
Health and care		
36	Vaccination requirements	
37	Health issues	
38	Water quality	
39	Common diseases	
Response		
40	National response	
41	International response	
42	Coordination structure	

Donor country/team information
